## WORK EXPERIENCE

---

■ 03/2022 - Present

### Full Stack Web Developer

Triangle Digital Solutions UG - Zwiesel, Germany

Company portfolio: <https://3angle.pro/en/portfolio>

- Developed, tested, and deployed responsive, high-performance web applications across both front-end and back-end layers.
- Designed and implemented user interfaces using HTML, CSS, JavaScript, and modern front-end frameworks (e.g., Vue.js).
- Built and maintained back-end services and APIs and integrated them with relational databases (e.g., MongoDB, MySQL).

- Collaborated with cross-functional teams to gather requirements and deliver technical solutions that meet business needs and enhance user experience.
- Integrated third-party services, APIs, and payment gateways to expand application functionality.
- Ensured the security and scalability of web applications by applying best practices in coding, performance optimization, and security protocols.

■ 03/2014 - 01/2022

### **Web-developer**

**Intelligent Technologies LTD - Kyiv, Ukraine**

- Designed, developed, and maintained web applications from concept to deployment, ensuring scalability, performance, and security.
- Implemented responsive and user-centric front-end designs using HTML, CSS, and JavaScript, ensuring optimal user experience across multiple devices.
- Developed and optimized back-end services and integrated with databases like MongoDB and SQL.
- Collaborated with cross-functional teams, including designers, project managers, and other developers, to deliver high-quality software solutions on time and within scope.
- Integrated third-party APIs and services to enhance the functionality of applications and ensure seamless communication between systems.
